

A.P.U.S.HISTORY SUMMER READING

As a student in APUSH you will be required to read three documents this summer and to write or type a five paragraph report on each. Failure to do so will result in three zero's for the first nine weeks.

These reports will be due by the date given below. You will turn them into Google Classroom Summer Reading. There will be no exceptions. If you are going to be out of town on a due date then you must turn it in early. If you have any questions come by my room 804 and talk to me. If you feel you cannot or will not do the readings, you need to think long and hard about this class and drop. To those of you who are taking this class good luck and I'm looking forward to your work.

In your report you need to tell me about the document. Who wrote it, when it was written, its message and what its effect has had on America's History. Your paper should have an introduction, three bodies of work and a conclusion. Your intro and conclusion should have three to five sentences and your bodies should be six to eight sentences. Your conclusion should be three to five sentences.

You will need to come by and see me before school is out, my room is 804. Have a great summer and be ready for next year.
