Additional items purchased from the tray line are considered extras (sides & entrees). The remaining items available for purchase are considered snacks (beverages, chips, ice cream, etc.).

Item Restriction

If you would like to restrict the purchase of specific items, check the appropriate box:

| <input type="checkbox"/> | Tray Only – This will prevent your child from purchasing extras and snacks. We will automatically set the breakfast and lunch spending limit to the cost of the meal. |
| <input type="checkbox"/> | No Snacks / Extras OK – This will allow your child to purchase extra entrees and sides from the tray line but will restrict them from purchasing snacks. If you select this option, we recommend you fill out the spending limits section below. |
| <input type="checkbox"/> | Snack on _____ Only – Enter the day of the week you wish to allow the purchase of one (1) snack. Please note that our system cannot restrict items on an individual day of the week. Our cashiers will do their best to adhere to this restriction. |

Important Notes

- Student accounts with spending limits will restrict parents from using their child's account to pay for an adult lunch. If you meet your child for lunch in the cafeteria, please bring cash to pay for your meal.
- Please send cash with your child to purchase items that you wish to restrict on a daily basis. This allows students with a "No Snacks" designation to buy ice cream, etc.
